

Intensive Weekend School: Developing Pharmacy Practice Skills

23-24 March 2012, The Portland Hotel by Thistle, Manchester

**United
Kingdom
Clinical
Pharmacy
Association**

The **UKCPA Intensive Weekend School** has been designed to help you extend your **clinical knowledge and to develop the skills** that underpin the delivery of pharmaceutical care.

The UKCPA is an organisation with an internationally recognised reputation for delivering quality training in pharmaceutical care. This course will be invaluable to all those who wish to provide patient-focussed pharmaceutical care in either community or hospital practice.

A series of **clinical workshops**, led by experienced practitioners, will explore the role of the pharmacist in delivering pharmaceutical care. Each workshop will use **clinical case studies** to illustrate key issues from both community and hospital settings. The programme also builds on the GPhC syllabus for preregistration trainees and is an ideal course for overseas pharmacists wishing to transfer their European skills and work within a pharmacy environment in the UK.

The workshop format relies on active participation by course members. In a workshop you learn by experience - skills can be practised in a supportive environment where patient safety is not compromised. Participants are encouraged to reflect on their experiences and use this to prepare their future career.

Registration is at 10am on Friday and the course concludes on Saturday at approximately 4.30pm.

An intensive programme of workshops specially designed for:

- * pre-registration pharmacy students in 1° and 2° care
- * newly qualified pharmacists wanting a foundation course prior to starting a clinical diploma
- * pharmacists returning to practice who wish to update their clinical skills
- * overseas pharmacists new to clinical practice

Skills covered include:

- * Consultation skills in pharmacy practice
- * Medication review
- * Providing information to patients and other healthcare workers
- * Risk management in pharmacy practice

Previous delegates have told us:

"I feel more confident and have seen improvement over one day!"

"I learnt lots of clinical and practical stuff which I will be able to apply to my future work"

"I enjoyed the relaxed teaching atmosphere and felt I could ask questions at any point."

"Getting the chance to practice difficult situations was good experience. I really enjoyed the weekend."

Please return your registration form and cheque to the UKCPA office as soon as possible to ensure your place, as numbers are limited and demand is high.

Your registration will be acknowledged. If you do not receive your acknowledgement 5 days prior to the course please call the UKCPA Office.

Cancellation Policy: We regret that we have to make a charge for cancelled registrations. If you notify us of the cancellation of your reserved place giving six weeks or more prior notice to the event, 25% of the fee will be retained. From three to six weeks prior to the event, 50% will be retained. If between one and three weeks notice is given of the cancellation for your reserved place for a UKCPA event, 75% will be retained. There is no refund for non-attendance or cancellations made less than 7 days prior to the event, whereupon the full fee will remain payable.

The Association reserves the right to cancel meetings and to return the registration fee. The Association cannot be responsible for any losses resulting from such cancellation, however caused.
